

SWASTH · APP DESIGN SHOWCASE

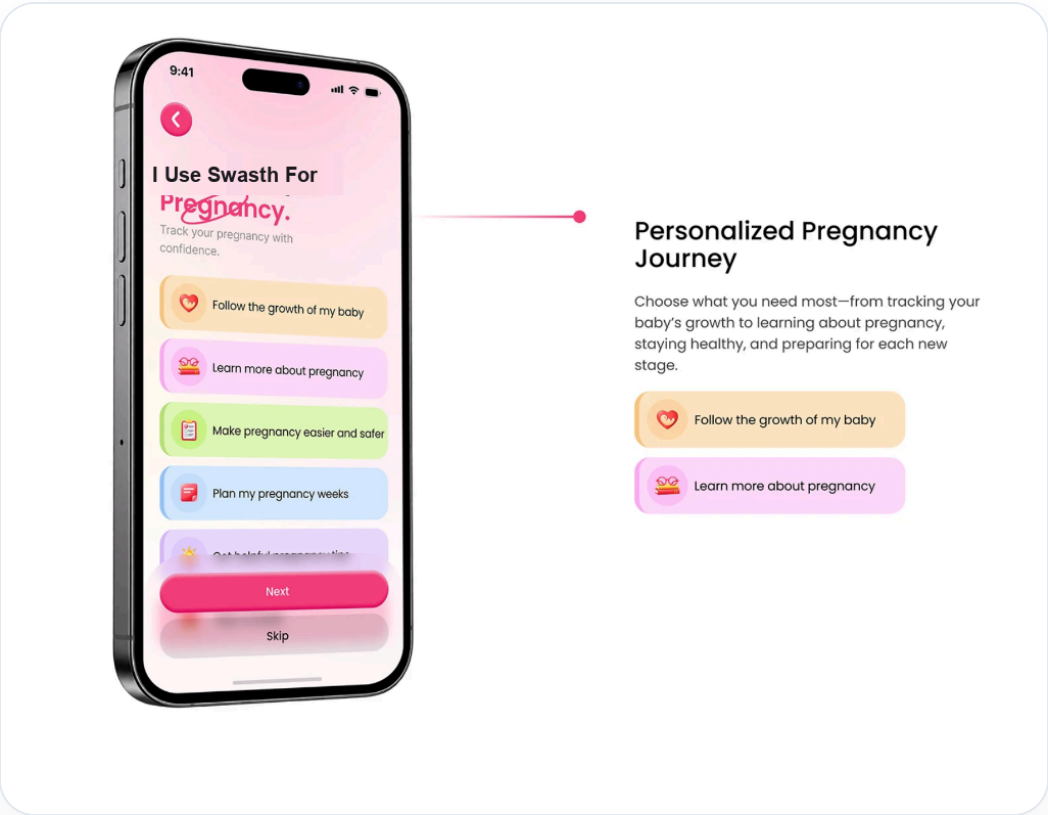

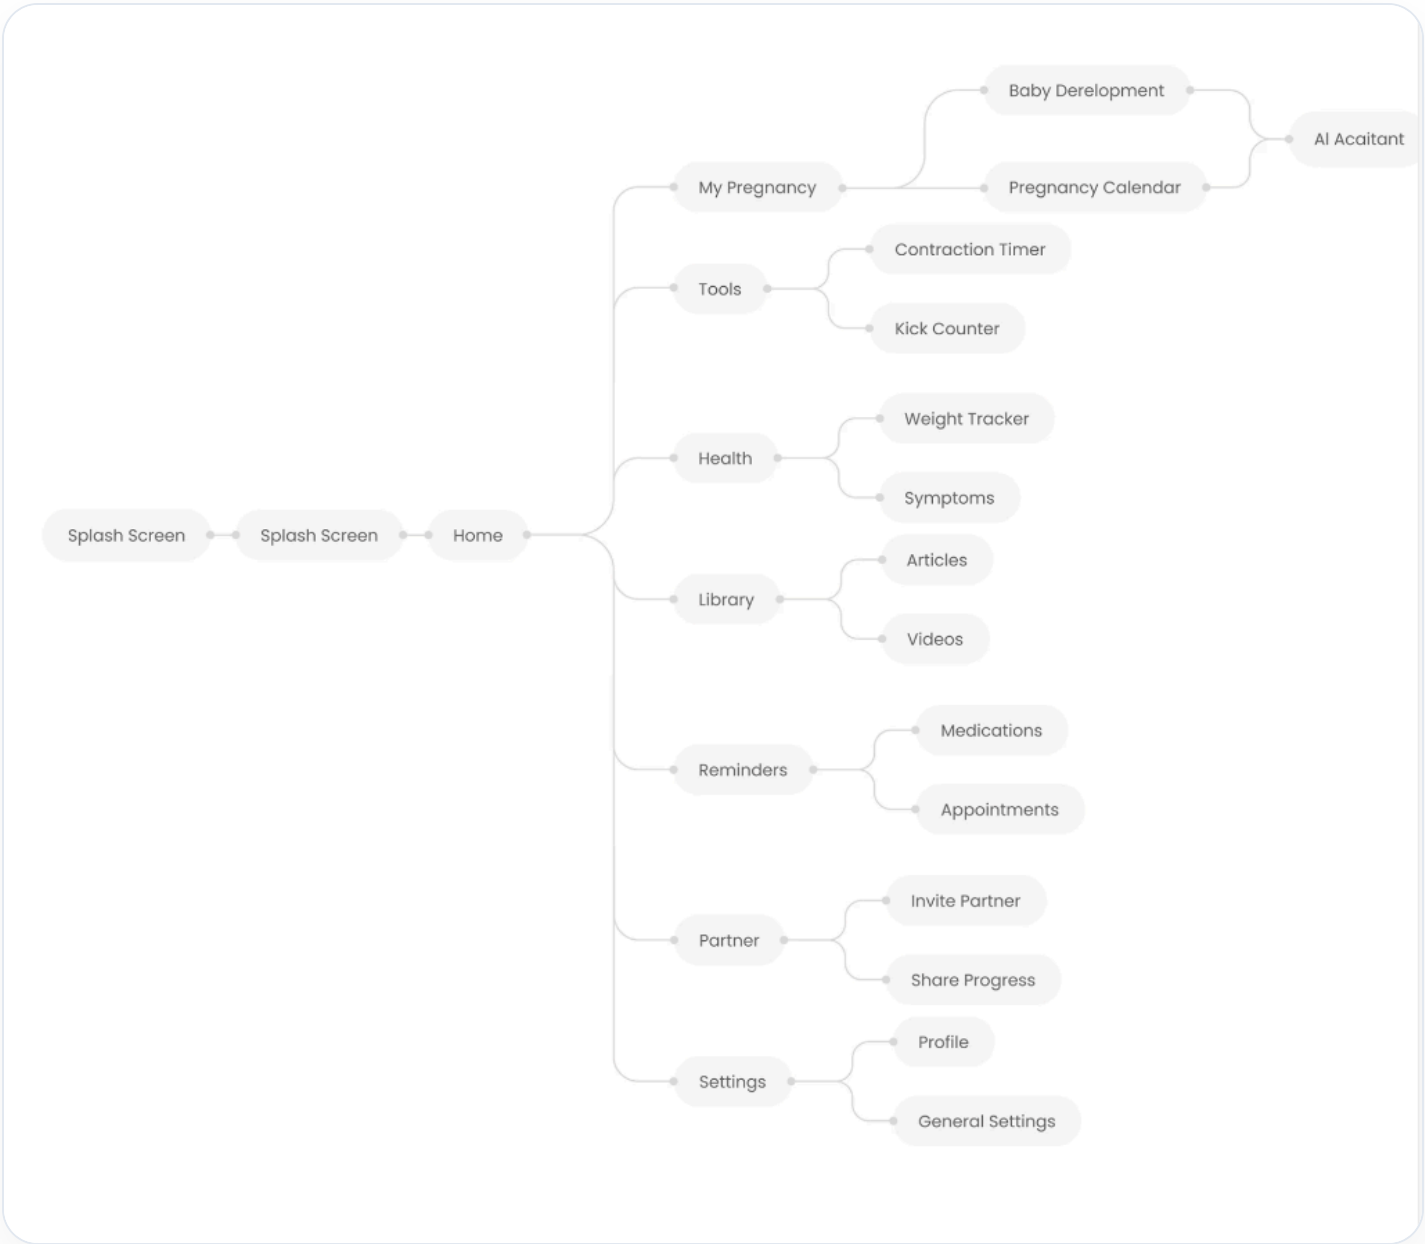

SWASTH (Maternal Health)

AI-Powered Long-Term Care Companion: 3D Stage Progress, Garbh Sanskar Routines & Hyperlocal Birth Clubs

- 🌸 **Maternal & Women's Health Track** · Long-Term Care Engagement
- 📱 **Dual Experience:** Flutter Mobile (Mothers/Caregivers) + React Web Portal
- 🛡️ **Zero Clinical Diagnosis:** Strictly assistive with NVIDIA NeMo Guardrails
- 📶 **24/7 Offline Sync:** Encrypted local cache for rural/peri-urban clinics

App Information Architecture & Intent Selection

- 1. Stage Intent**
Mothers choose their focus: track baby growth, learn tips, and plan weekly appointments.
- 2. Home Hub**
3D baby development, trimesters, daily 4Q tasks, and upcoming ultrasound slots.
- 3. Smart Tools**
Contraction timer, kick counter, MCP card photo scan, and water tracker.
- 4. Birth Clubs**
Hyperlocal circles with NeMo Guardrails safety moderation.
- 5. Partner Sync**
WhatsApp & voice reminders for fathers and family elders in local dialects.

Modern Design System: 3D Micro-Interactions & Due Date Estimation

Due Date Estimation

Easily estimate your baby's due date using different methods and get a more personalized pregnancy timeline based on your information.

Gestational age

I know my due date

How Do You Want To Estimate *YOUR* Due Date?

Gestational age

I know my due date

Date of last menstruation

Conception date

Maybe later

Baby Growth Tracking

Track your baby's growth week by week with helpful insights, milestones, and personalized updates for every stage of pregnancy.

Track Your Baby's Growth

Stay up to date thanks to weekly articles and baby size data

Flexible Due Date Estimation

Supports Gestational age, LMP date, Conception date, or manual due date.

Tactile 3D Visuals

Apple/peach baby size comparisons & joyful floating heart milestones.

Soft Pastel Tones

Warm rose (#E93B67) and lavender to eliminate clinical anxiety.

Caregiver First

Simple large buttons designed for low digital literacy.

UPCOMING VACCINE WINDOW (6 WEEKS)

- AI Companion Chat

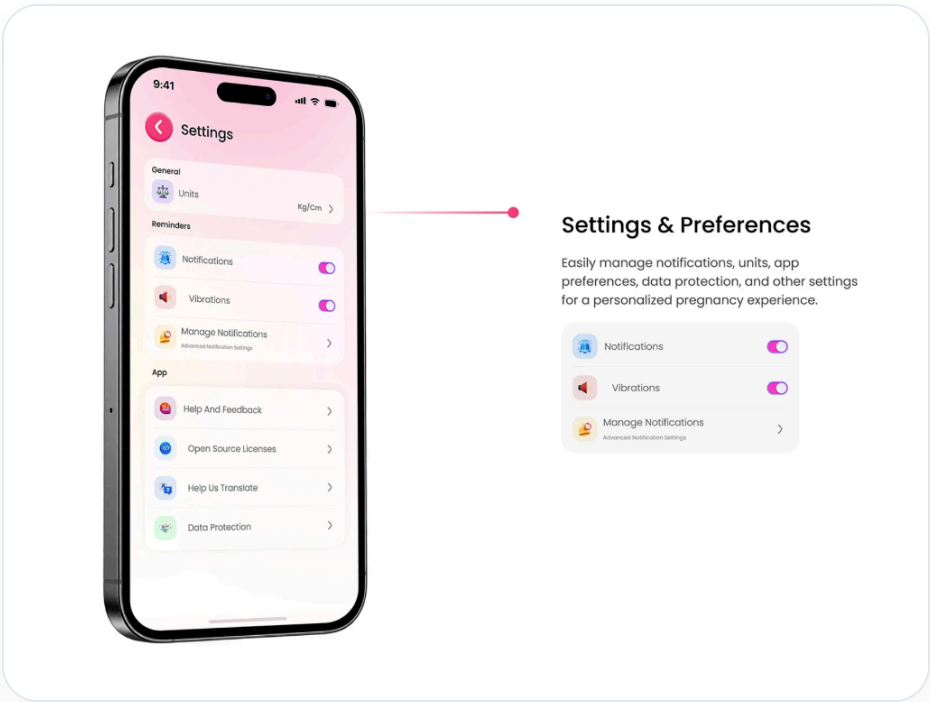

Instant non-medical support for Baby Development, Due Date Timeline, Nutrition & Wellness.
- 3D Stage Journey

Trimester progress rail, Apple-size fetal progress, ultrasound appointments.
- 4Q Garbh Sanskar

Daily 12 micro-habits & calming raga lullabies.
- Birth Clubs & Vaccines

Hyperlocal mother circles with peer safety moderation and 6-week vaccine checklist.

Enterprise Architecture, Data Protection & 60-90 Day Impact

Open Enterprise Stack

- **Flutter Mobile:** 60-120 FPS iOS & Android with encrypted offline sync.
- **React/TypeScript:** Web portal backup.
- **Python (FastAPI):** Single unified backend.
- **NVIDIA Nemotron / Llama 3:** vLLM serving.
- **Indic NLP:** Whisper & IndicTrans2.
- **PostgreSQL:** Immutable audit ledger.

Safety & 60-90 Day Impact

- **0% Diagnostic Advice:** Strictly non-medical.
- **NVIDIA NeMo Guardrails:** Intercepts symptoms and routes to emergency PHC.
- **Data Protection:** ABHA compliance & privacy.
- **85% Drop in Admin Burden:** Due-list compilation <1.5 hrs/week.
- **90%+ Vaccine Adherence:** Drastic dropout cut.
- **4x Higher Family Engagement:** Multi-user sync.
